Accelerate your wealth with greater freedom and benefits

With AIA Platinum Wealth Venture, taking your wealth journey to greater heights comes with many levels of advantages.

Gain income while growing your wealth

Enjoy the option of receiving a stream of regular income with dividend payouts of 7% to 8% p.a.# via the new AIA Global Adventurous Income Fund every quarter to spend as you wish. Or choose to re-invest it to further grow your wealth.

Let your wealth continue on

Leave a legacy for your family with the option of appointing your spouse or child (below age 16) as the secondary insured⁵, who will become the new insured in the event of your unexpected demise.

Maximise your capital

Every opportunity for growth starts right off the ground with your premiums 100% invested from day one. To reach your goals even faster, your investment will be boosted with up to 30% welcome bonus¹ during the first 3 policy years and a one-time 7% investment bonus² at the beginning of the 8th policy year, with no supplementary charges after the 7th policy year onwards.

Guaranteed protection

Secure your family's financial future should unfortunate death⁶ happen. Your loved ones will receive an additional payout⁶ should accidental death unfortunately happen within the first 2 policy years.

Get rewarded for your investments

You will receive perpetual performance bonus³ of 0.5% of your regular premium policy value every year from the beginning of the 8th policy year onwards.

Start growing your wealth with ease

To expedite your wealth growth journey with us, no medical check-up is required. We are here to assist you in every way possible.

Freedom and flexibility

With a premium payment term of only 5 years, you have the freedom to put your money to other uses thereafter. You can choose to continue your policy to accumulate more wealth or access your cash value to fund your changing financial needs after the 7th policy year without any charges⁴.

Ltd. which provides AIA with certain non-discretionary investment consulting services. Investors of Guided Portfolios are clients of AIA, not of Mercer.
- [#] The AIA Global Adventurous Income Fund aims to distribute dividends of 7 to 8% p.a. on a quarterly basis. Investors should take note that dividend distributions could change according to prevailing market conditions. Both capital and dividend distributions are not guaranteed. Dividend rate does not represent the overall return of the fund, and a high distribution yield does not imply a positive or high return on the total investments. Dividend rate will be declared in S\$ per unit and the resulting % dividend yield p.a. is calculated based on $(\text{Dividend rate}/\text{Ex-Date NAV}) \times (4 \times 100)$. AIA Singapore will review dividend distribution periodically, and has the sole discretion to determine the dividend rate and frequency of the distribution.

AIA Singapore intends to distribute dividends from the income and/or net realised gains of the ILP sub-fund, and AIA Singapore maintains the discretion to distribute dividends out of capital. Investors should be aware that when dividend distributions are made out of the capital, it may lead to a reduction in investor's original investment and may also result in reduced future returns to the investor. When dividend distributions are declared and paid out with respect to the ILP sub-fund, the net assets of the ILP sub-fund will reduce by an amount equivalent to the distributions declared. This will be reflected as a reduction in the unit price.

Important Notes:

This insurance plan is underwritten by AIA Singapore Private Limited (Reg. No. 201106386R) ("AIA"). All insurance applications are subject to AIA's underwriting and acceptance. This brochure is not a contract of insurance. The precise terms and conditions of this plan, including exclusions whereby the benefits under your policy may not be paid out, are specified in the policy contract. You are advised to read the policy contract.

AIA Platinum Wealth Venture is an Investment-linked Plan (ILP) offered by AIA. Investments in this plan are subject to investment risks including the possible loss of the principal amount invested. The performance of the ILP sub-fund(s) is not guaranteed and the value of the units in the ILP sub-fund(s) and the income accruing to the units, if any, may fall or rise. Past performance is not necessarily indicative of the future performance of the ILP sub-fund(s).

The actual policy value will depend on the actual performance of the policy as well as any alterations such as variation in the Insured Amount or premium, such as premium holiday or partial withdrawals. There is a possibility that the policy value will fall to zero and in this case, the policy will be terminated. Policyholders can avoid the policy lapsing by topping up additional premiums. You should seek advice from a qualified advisor and read the product summary and product highlights sheet(s) before deciding whether the product is suitable for you. A product summary and product highlights sheet(s) relating to the ILP sub-fund(s) are available and may be obtained from your AIA Financial Services Consultant or Insurance Representative. A potential investor should read the product summary and product highlights sheet(s) before deciding whether to subscribe for units in the ILP sub-fund(s).

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. You should consider carefully before terminating the policy or switching to a new one as there may be disadvantages in doing so. The new policy may cost more or have fewer benefits at the same cost.
