Important Notes:

*The AIA Global Adventurous Income Fund aims to distribute dividends of 7 to 8% p.a. on a quarterly basis. Investors should take note that dividend distributions could change according to prevailing market conditions. Both capital and dividend distributions are not guaranteed. Dividend rate does not represent the overall return of the fund, and a high distribution yield does not imply a positive or high return on the total investments. Dividend rate will be declared in S\$ per unit and the resulting % dividend yield p.a. is calculated based on $(\text{Dividend rate} / \text{Ex-Date NAV}) \times (4 \times 100)$. AIA Singapore will review dividend distribution periodically and has the sole discretion to determine the dividend rate and frequency of the distribution. AIA Singapore intends to distribute dividends from the income and/or net realised gains of the ILP sub-fund, and AIA Singapore maintains the discretion to distribute dividends out of capital. Investors should be aware that when dividend distributions are made out of the capital, it may lead to a reduction in investor's original investment and may also result in reduced future returns to the investor. When dividend distributions are declared and paid out with respect to the ILP sub-fund, the net assets of the ILP sub-fund will reduce by an amount equivalent to the distributions declared. This will be reflected as a reduction in the unit price.

AIA Global Adventurous Income Fund is an ILP sub-fund offered by AIA Singapore Private Limited (Reg. No. 201106386R) ("AIA"). Investments are subject to investment risks including the possible loss of the principal amount invested. Past performance of the ILP Funds is not necessarily indicative of its future performance. The performance of the ILP Funds are not guaranteed and the value of the units in the ILP Funds and the income accruing to the units, if any, may fall or rise. You should seek advice from an AIA Consultant or Insurance Representative and read the product summary and product highlights sheet(s) before deciding whether the product is suitable for you.
