

AIA PRO ACHIEVER 3.0

START YOUR INVESTMENTS ON A HIGHER LEVEL

Achieve higher growth with up to 75% welcome bonus
and 100% of your premiums invested from day one.

**BOOST YOUR
COVERAGE WITH
TERM RIDER
ADD-ON!**

**HEALTHIER, LONGER,
BETTER LIVES**

When you've committed to investing, we're more than 100% behind you.

When it comes to investing, starting early is important — but so is starting big. Having a bigger capital, on top of trusted investment guidance, will set you up for higher and sustainable potential returns with every dollar you invest.

With AIA Pro Achiever 3.0, you can kick-start your investment journey with 100% of your premiums invested from day one. We'll even boost your initial capital with attractive welcome bonus(es), and power up your future investments with a special bonus as long as you continue paying regular premiums.

You can choose to grow your wealth with exclusive access to AIA Elite Funds, on top of a range of retail funds managed by best-in-class asset managers.

But we understand that securing financial protection for your loved ones is just as important as growing your wealth. That's why we've added the option of a term rider that offers high coverage for life's unexpected events at affordable premiums that will never go up with time. With bigger savings on your protection, you can boost your investments further!

So whatever goals you have for the future, and even if they change along the way, start your investment journey on a higher level with AIA Pro Achiever 3.0 today.

Maximise potential returns throughout your investment journey

100% of premiums invested from the start

With AIA Pro Achiever 3.0, your premiums are 100% invested to help you accumulate wealth the moment you start investing.

Power up your investment with Welcome Bonus¹ & Special Bonus²

To boost your capital, we're offering up to 75% welcome bonus in the first 3 policy years¹. To help you reach your goals faster, you'll also receive a special bonus of 5% from the 10th policy year, stepping up to 8% from the 21st policy year onwards², when you continue to pay the regular premiums.

Choice of multiple Initial Investment Periods (IIP)³

With flexible IIPs of 10/15/20 years, you can choose the option that best suits your needs and investment timeline.

Wide variety of funds available for selection

Enjoy exclusive access to AIA Elite Funds and AIA Guided Portfolios. You may also opt to make your own investment choices from a wide selection of retail funds, which includes our dividend-paying fund that gives you the option to reinvest your dividends[#] or receive them in cash after the IIP.

Cap on supplementary charges

There will be no more supplementary charges after paying 11 years of annual premiums, so more of your dollar will be directed to boost your potential returns.

Start investing with no medical check-up required or health questions asked!

Flexibility to meet changing goals

Budget flexibility

Premium Pass⁴

Enjoy the flexibility to take a break from paying premiums for up to 36 months, with no premium holiday charges.

Premium Holiday⁵

When the going gets rough, take a premium holiday and catch a break from paying your premiums until your finances turn around.

Fund-related flexibility

We'll help keep your risk exposure in check with automatic fund rebalancing. You have the choice to select and switch funds to match your evolving risk appetite or adapt to market movements. When a good opportunity arises, you may also do ad-hoc top-ups to invest extra funds and reach your financial goals faster.

Cash-out option^{6,7}

Should the need arise, get access to your policy value at no charge after your IIP ends.

Additional assurance for peace of mind

Death coverage

Secure your family's financial future should unfortunate death occur⁸. There will also be additional payout should accidental death happen in the first 2 policy years.

Legacy planning

You can transfer⁹ your plan to your spouse or child (below age 16) as the secondary insured for policy continuity should you pass on from an unforeseen event. You also enjoy the flexibility of appointing yourself as the secondary insured if the plan is bought for your child or spouse.

Tap into expert guidance and portfolios to reach your goals faster

Investing is not easy. AIA Pro Achiever 3.0 not only takes the complexities out of investing, but also lets you leverage best-in-class expertise and portfolios to achieve greater returns.

AIA Investments – The trusted stewards of your wealth

AIA Elite Funds are managed by a dedicated team of wealth professionals at AIA Investments, the exclusive investment arm of AIA Group. AIA Group had total assets of US\$276 billion as of 30 June 2023.

Being among the region’s largest institutional investors has given us the scale to partner with leading global asset managers, including Baillie Gifford, BlackRock, Capital Group and Wellington Management, to construct portfolios for varying risk appetites, investment horizons and targeted returns.

Choice of 3 AIA Elite Funds to match your investment goals

Each fund comprises a strategic mix of equities and bonds, targeted at providing optimal returns and financial stability for the long run.

AIA Elite Conservative
Low to Medium Risk

AIA Elite Balanced
Medium to High Risk

AIA Elite Adventurous
Higher Risk

■ Fixed Income ■ Equities

AIA Elite Funds are available in USD and SGD denominations.

Invest in the best of retail funds

AIA Guided Portfolios

Mercer Investments has 50 years of experience advising institutional investors in over 90 countries, providing complete investment solutions to organisations of all types and size. Globally, Mercer Investments has over 16,000 clients, with assets under advisementⁱ of US\$16.2 trillion and global assets under managementⁱⁱ of US\$420 billion.

AIA Guided Portfolios make investing easy. Take your pick from a choice of 3 Guided Portfolios put together by a team of dedicated professionals at AIA – Pro Adventurous, Pro Balanced, or Pro Cautious – to suit varying risk appetites, investment horizons, and targeted returns. Built on Mercer's insights and designed to optimise your returns while minimising risk, each portfolio is researched and well-diversified across asset classes.

Term Rider **NEW!**

To better protect you and your loved ones against unexpected events in life such as death, terminal illness, terminal cancer, and total and permanent disability¹¹, you may add on a term rider that offers:

- Choice of coverage to age 65, 85 or 100
- Premium stays the same throughout the coverage period
- Flexibility to convert¹² your term rider to an AIA endowment, investment-linked, or whole life plan 5 years before your term rider expiry or before age 70, whichever is earlier, with no further medical underwriting required

Critical Protector Waiver Riders

To ensure your plan's continuity, future premiums of your AIA Pro Achiever 3.0 plan and eligible riders (if any) will be waived, upon diagnosis of any of the covered critical illnesses with:

- Early Critical Protector Waiver of Premium (II) rider; or
- Critical Protector Waiver of Premium (II) rider

Payor Benefit Riders

To secure your child's future, we will waive future premiums of your child's AIA Pro Achiever 3.0 plan and eligible riders (if any) up to his/her 25th birthday, upon diagnosis of any of the covered events such as critical illness, disability or upon your passing with:

- Early Critical Protector Payor Benefit (II) rider; or
- Payor Benefit rider; or
- Payor Benefit Comprehensive Special (II) rider

[^]Not applicable for Payor Benefit Rider

How AIA Pro Achiever 3.0 can help you achieve your goals

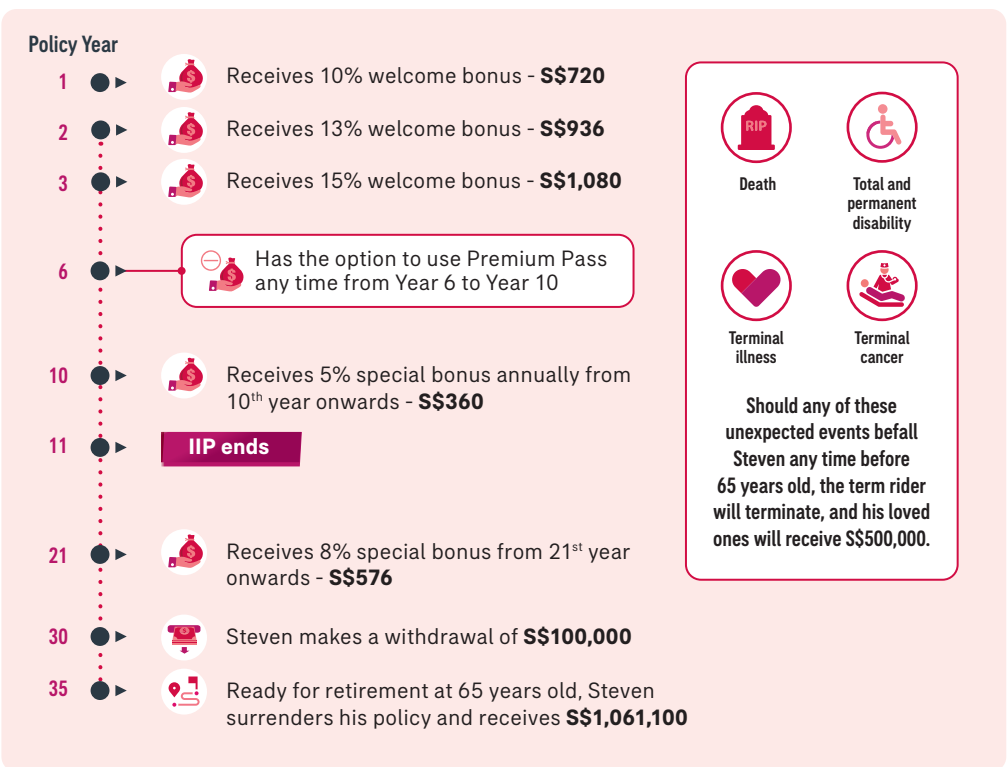

Steven, a single 25-year-old executive, aims to retire before 65 years old. He decides to accumulate his wealth with AIA Pro Achiever 3.0 by opting for:

Annual premium : S\$7,200

Initial Investment Period: 10 years

Portfolio : AIA Elite Adventurous Fund

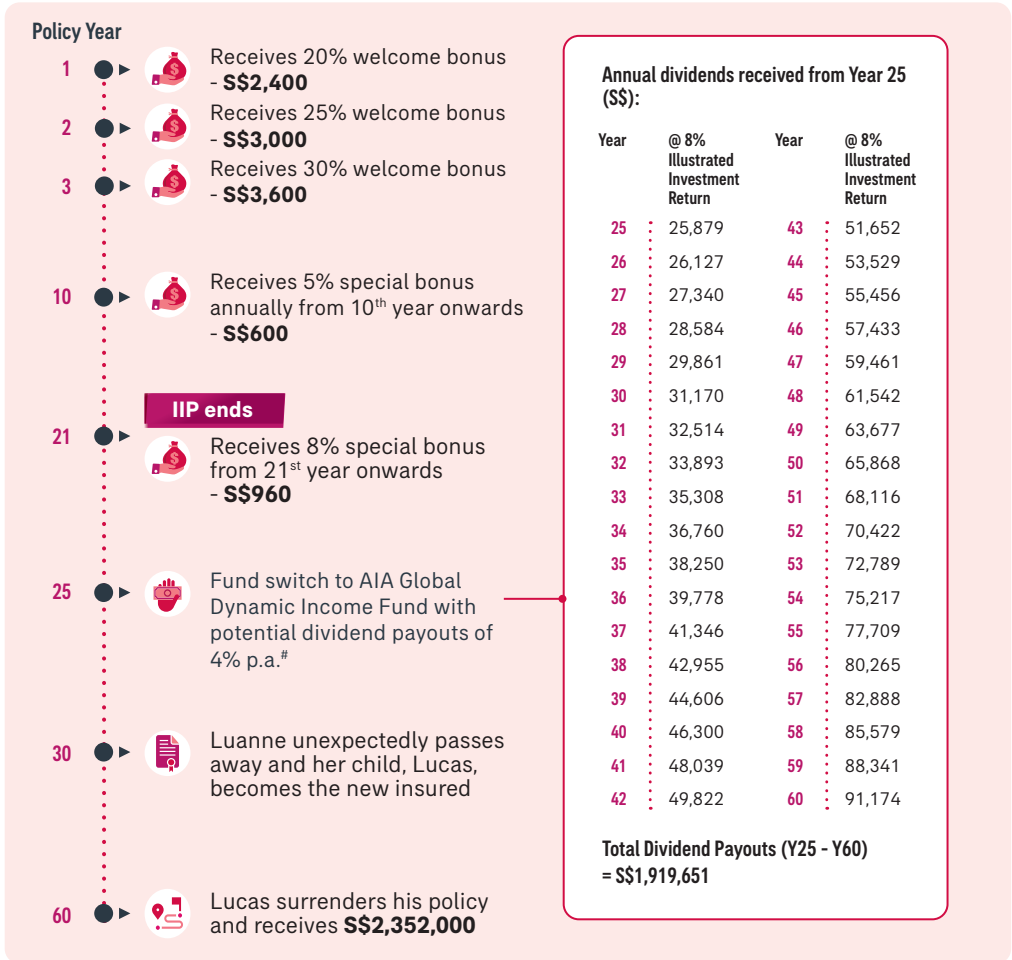

For greater financial protection against the unexpected, he also adds on the term rider with S\$500,000 coverage until age 65. He pays a fixed premium of S\$385 annually for the rider.

Note: The diagram is for illustrative purposes. The figures quoted in the example are based on the illustrated investment return of 8% p.a. (before deducting the annual fund management charge). A 1.45% annual fund management charge is assumed and all fees and charges have been included. The fees and charges are not guaranteed and may be revised in the future at AIA's discretion. Based on an illustrated investment rate of return of 4% p.a., the projected payout when the plan is surrendered is S\$361,400. The actual benefits payable will depend on the actual performance of the underlying assets of the fund(s) invested. The performance of the fund(s) is not guaranteed and the cash value may be less than the capital invested. You are advised to refer to the policy illustration for more information.

Luanne is a 30-year-old mother whose financial priority is having sufficient funds for her son's higher education. To be assured of her son's future, she opts for potentially higher returns with:

- Annual premium : S\$12,000
- Initial Investment Period: 20 years
- Portfolio : AIA Elite Adventurous Fund
- Secondary insured : Her son, Lucas

Note: The diagram is for illustrative purposes and based on the scenario that Luanne transfers the ownership of the policy to Lucas at age 21. The figures quoted in the example are based on the illustrated investment return of 8% p.a. (before deducting the annual fund management charge). A 1.45% annual fund management charge is assumed for the first 24 years and 1.35% thereafter, and all fees and charges have been included. The fees and charges are not guaranteed and may be revised in the future at AIA's discretion. Based on an illustrated investment rate of return of 4% p.a. and dividend payout of 2% p.a., the projected payout when the plan is surrendered is S\$997,300 and total potential dividend payout is S\$479,945. The actual benefits payable will depend on the actual performance of the underlying assets of the fund(s) invested. The performance of the fund(s) is not guaranteed and the cash value may be less than the capital invested. You are advised to refer to the policy illustration for more information.

Terms and Conditions:

There are certain conditions whereby no benefits will be payable. You are advised to read the relevant policy contracts for details.

- ⁱ Assets under advisement include aggregated data for Mercer Investment Consulting, Inc. and its affiliated companies globally ("Mercer"). Data is derived from a variety of sources, including, but not limited to, third-party custodians or investment managers, regulatory filings, and client self-reported data. Mercer has not independently verified the data. Where available, data is provided as of 31 December 2023 ("Reporting Date"). If data was not available as of the Reporting Date, information from a date closest in time to the Reporting Date, which may be of a more recent date than the Reporting Date, was included. Data includes assets of clients that have engaged Mercer to provide project-based services within the 12-month period ending on the Reporting Date, and assets of clients that subscribe to Mercer's Manager Research database.
- ⁱⁱ Assets under management are quoted as of 30 September 2023. References to Mercer shall be construed to include Mercer LLC and/or its associated companies, and include Mercer Investment Solutions (Singapore) Pte. Ltd. which provides AIA with certain non-discretionary investment consulting services. Investors of Guided Portfolios are clients of AIA, not of Mercer.
- [#] The AIA Global Dynamic Income Fund aims to distribute dividends of 4 - 5% p.a. on a quarterly basis. Investors should take note that dividend distributions could change according to prevailing market conditions. Both capital and dividend distributions are not guaranteed. Dividend rate does not represent the overall return of the fund, and a high distribution yield does not imply a positive or high return on the total investments. Dividend rate will be declared in S\$ per unit and the resulting % dividend yield p.a. is calculated based on $(\text{Dividend rate}/\text{Ex-Date NAV}) \times (4 \times 100)$. AIA Singapore will review dividend distribution periodically, and has the sole discretion to determine the dividend rate and frequency of the distribution. AIA Singapore intends to distribute dividends from the income and/or net realised gains of the ILP Sub-Fund, and AIA Singapore maintains the discretion to distribute dividends out of capital. Investors should be aware that when dividend distributions are made out of the capital, it may lead to a reduction in the investor's original investment and may also result in reduced future returns to the investor. When dividend distributions are declared and paid out with respect to the ILP Sub-Fund, the net assets of the ILP Sub-Fund will reduce by an amount equivalent to the distributions declared. This will be reflected as a reduction in the unit price.
- ¹ Welcome Bonus on your regular premium will be payable for the 1st, 2nd, and 3rd annual premium received (subject to the annualised premium amount and IIP).
- ² Special Bonus of 5% of regular premium will be payable for the 10th - 20th annual premium received, and increases to 8% of regular premium from the 21st annual premium received onwards.
- ³ The plan offers IIP options of 10, 15 or 20 years. During the IIP, certain charges may apply, such as supplementary charges (if applicable), premium holiday charges, premium reduction charges, full surrender charges and partial withdrawal charges. Any dividend payouts (if applicable) will be automatically reinvested into the policy during the IIP.
- ⁴ You will be entitled to one premium pass after every 5th annual regular premium has been paid, subject to the maximum number of premium passes for each IIP option. Each premium pass may be activated more than once for a maximum cumulative duration of 12 policy months.
- ⁵ If you take a premium holiday during your IIP, premium holiday charges may apply.
- ⁶ A partial withdrawal charge applies on withdrawals made during IIP. The benefits of the policy and policy value may be affected by any partial withdrawals.
- ⁷ A surrender charge applies if you surrender your policy during the IIP.
- ⁸ The death benefit is the higher of the total premiums paid (including any top-ups and premium reduction top-up amount, less withdrawals) or the policy value, after applicable fees and charges (if any) have been deducted.
- ⁹ Upon the passing of the insured, no death benefit will be payable as the secondary insured will take over as the new insured (subject to approval by AIA). The policy maturity date will be based on the original policy maturity date or age 100 of the secondary insured, whichever is earlier. All existing riders will be terminated when the policy is transferred to the secondary insured.

¹⁰ The AIA Vitality premium discount is only applicable to premiums based on a standard life. It is not applicable to any extra premiums due to loading. Discount applicable from the second policy year onwards will depend on the AIA Vitality status attained. The discount is capped at 15%.

¹¹ Coverage for Total and Permanent Disability benefit is up to age 70.

¹² The plan can be converted to a whole life, endowment, or investment-linked plan offering equivalent or similar coverage (which we make available for conversion from time to time at our absolute discretion), without further medical underwriting up to the current insured amount, provided that all conditions for conversion are met. Please refer to the policy contract for the full terms and conditions.

Important Notes:

This insurance plan is underwritten by AIA Singapore Private Limited (Reg. No. 201106386R) ("AIA"). All insurance applications are subject to AIA's underwriting and acceptance. This brochure is not a contract of insurance. The precise terms and conditions of this plan, including exclusions whereby the benefits under your policy may not be paid out, are specified in the policy contract. You are advised to read the policy contract.

AIA Pro Achiever 3.0 is a regular premium Investment-linked Plan (ILP) offered by AIA. Investments in this plan are subject to investment risks including the possible loss of the principal amount invested. The performance of the ILP sub-fund(s) is not guaranteed and the value of the units in the ILP sub-fund(s) and the income accruing to the units, if any, may fall or rise. Past performance is not necessarily indicative of the future performance of the ILP sub-fund(s).

The actual policy value will depend on the actual performance of the policy as well as any alterations such as variation in the Insured Amount or premium, such as premium holiday or partial withdrawals. There is a possibility that the policy value will fall to zero and in this case, the policy will be terminated. Policyholders can avoid the policy lapsing by topping up additional premiums.

Any access to confidential and proprietary information via Guided Portfolios that may be developed by AIA is intended for your exclusive reference, and for general information purposes only. This information is not, nor intended to be, investment advice and shall not be relied on as such. AIA via Guided Portfolios does not give any representations or warranties as to the accuracy of any information provided to you and does not accept any responsibility or liability for any loss or damages which you may suffer arising out of or in connection with your purchase. Where appropriate, you are encouraged to seek independent legal, tax and other professional advice.

This does not constitute an offer or a solicitation of an offer to buy or sell securities, commodities and/or any other financial instruments or products or constitute a solicitation on behalf of any of the investment managers, their affiliates, products or strategies, the information of which may be contained herein. The contents and information contained herein have not been reviewed nor endorsed by the Monetary Authority of Singapore and/or any other regulatory authorities.

References to Mercer shall be construed to include Mercer LLC and/or its associated companies, and include Mercer Investment Solutions (Singapore) Pte. Ltd. which provides AIA with certain nondiscretionary investment consulting services. Investors of Guided Portfolios are clients of AIA, not of Mercer.

You should seek advice from a qualified advisor and read the product summary and product highlights sheet(s) before deciding whether the product is suitable for you. A product summary and product highlights sheet(s) relating to the ILP sub-fund(s) are available and may be obtained from your AIA Financial Services Consultant or Insurance Representative. A potential investor should read the product summary and product highlights sheet(s) before deciding whether to subscribe for units in the ILP sub-fund(s).

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. You should consider carefully before terminating the policy or switching to a new one as there may be disadvantages in doing so. The new policy may cost more or have fewer benefits at the same cost.
