

AIA POWER CRITICAL COVER

CAN YOU AFFORD TO LEAVE CRITICAL ILLNESS TO CHANCE?

AIA Power Critical Cover journeys with you through the unpredictable event of multiple critical illnesses, from the pre-early stages to relapses.

HEALTHIER, LONGER,
BETTER LIVES

We can keep our fingers crossed but critical illnesses can happen to anyone, and unfortunately for some, more than once.

The road to recovery may be long and arduous. Which is why we're with you every step of the way.

AIA Power Critical Cover supports you financially through every stage and outcome of critical illnesses. You'll be covered extensively — from as early as the detection of chronic conditions to the diagnosis of 150 critical illnesses, and even in the face of relapses or different critical illnesses.

There's no predicting what will happen tomorrow. Leave nothing to chance by giving yourself and your loved ones total assurance today.

AIA Power Critical Cover protects you extensively without disrupting your coverage.

Boosted with first-in-market features, high coverage, and value-added medical services, AIA Power Critical Cover minimises the financial disruption to you and your family while you focus on rest and recovery.

Wide coverage for 175 conditions

This plan covers you for 10 conditions under the Pre-Early Benefit, namely chronic diseases, cardiovascular diseases, and benign and borderline malignant tumours, so you're better equipped to nip the signs of early critical illnesses in the bud.

You're also covered for 150 multi-stage critical illnesses and 15 special conditions¹, including osteoporosis, diabetic complications, and severe gout.

Restore 100% of coverage amount after each claim

Be assured of continual protection against different and subsequent critical illnesses. The Power Reset Benefit fully restores your coverage amount once 12 months have passed from the last claim, allowing you to make multiple claims of up to 500% of your coverage amount.²

Repeated coverage if you have a relapse

Be backed up not once, but twice the coverage amount (up to 200%) with the Power Relapse Benefit, if you suffer from the same critical illness, namely re-diagnosed major cancer, recurred heart attack or stroke, and repeated major organ/bone marrow transplantation or heart valve surgery, once 24 months have passed from the last claim.³

Guaranteed cash value for financial confidence

No worries about your premiums going to waste if nothing happens. This plan comes with 2 options for you to choose your preferred coverage period and if you want eventual cash value.⁴

Plan Options	Coverage Age	Guaranteed Cash Value
AIA Power Critical Cover Value Plan	Up to age 75	N/A
AIA Power Critical Cover Life Plan	Up to age 100	<p>Maturity Benefit⁴ (at age 100) 100% of your coverage amount less any critical illness benefits paid.</p> <p>Surrender Benefit⁴ 75% to 99% of your coverage amount less any critical illness benefits paid.</p>

Tide your family through bereavement

In the unfortunate event of death, your loved ones will receive 100% of your coverage amount, less any critical illness benefits paid, as well as a compassionate benefit of S\$5,000.⁵

Less worries about paying premiums

With optional premium waiver riders⁶, you get an additional layer of protection so that your coverage is not disrupted in difficult circumstances.

Early Critical Protector Waiver of Premium II

We will waive your future premiums once you are diagnosed with any of the 149 covered conditions.

Early Critical Protector Payor Benefit II

We will waive all future premiums of your child's AIA Power Critical Cover plan should you be diagnosed with any of the 149 covered conditions, be disabled or sadly passed away, so your child stays protected when it matters most.

Payor Benefit

We will waive all future premiums of your child's AIA Power Critical Cover plan and continue to protect them, should you be disabled or sadly passed away.

Going beyond financial protection.

Besides taking care of your financial responsibilities, we're equally committed to helping you take care of your health. Our suite of value-added services offers you convenient access to additional medical support and confidence to overcome critical illnesses.

Health consultations in the comfort of your home

Receive professional medical advice from Singapore-registered doctors via video consultation wherever you are, through our partnership with WhiteCoat. Enjoy a flat consultation fee of only S\$12⁷ and have your prescribed medicine delivered to your doorstep within 90 minutes.

Medical support from diagnosis to recovery

We know it can be stressful to make critical medical decisions that are often life-changing. Through Medix, you have access to personalised medical support from world-leading specialists for your critical illness condition, with ongoing guidance and support for a minimum period of 3 months.

Please refer to the product summary for the definition of the covered conditions.

General Notes:

There are exclusions such as pre-existing conditions, whereby no benefits will be payable. Waiting period and survival period are applicable before the benefits will be payable. You are advised to read the relevant policy contract for details.

¹ Coverage for special conditions is up to age 85.

² Maximum claim limits apply. Subsequent claims have to be for a different condition from the earlier claim(s).

³ Maximum claim limits apply. Waiting period of 24 months required from the last claim of the same critical illness (any stage) or the same Power Relapse critical illness.

⁴ The surrender benefit of 75% of the coverage amount shall be payable on or after the 60th policy anniversary or at age 75, whichever is earlier, plus additional 1% for each progressive year from age 76 onwards. The maturity benefit of 100% of the coverage amount will only be payable when the policy matures at age 100. Both surrender and maturity benefits will be subject to deduction of any critical illness benefit paid and amounts owing to us.

⁵ Compassionate benefit of S\$5,000 is paid upon death less any amounts owing to us.

⁶ Please refer to the respective supplementary benefit (rider) product summary for the list of covered critical illnesses, definitions and applicable exclusion

⁷ The flat consultation fee of S\$12 excludes GST, medication or delivery charges (where applicable).

⁸ Premium discount is only applicable to premiums based on a standard life. It is not applicable to any extra premiums due to loading. Discount applicable from the second policy year onwards will depend on the AIA Vitality Status attained. The discount is capped at 15%.

Important Notes:

These insurance plans are underwritten by AIA Singapore Private Limited (Reg. No. 201106386R) (“AIA”). All insurance applications are subject to AIA’s underwriting and acceptance. This brochure is not a contract of insurance. The precise terms and conditions of these plans, including exclusions whereby the benefits under your policy may not be paid out, are specified in the relevant policy contracts. You are advised to read the policy contracts.

As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs; and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. Buying health insurance products that are not suitable for you may impact your ability to finance your future healthcare needs. You should consider carefully before terminating the policy or switching to a new one as there may be disadvantages in doing so. The new policy may cost more or have fewer benefits at the same cost.
