Benefits that cover you for life

Peace of mind for a lifetime

- Enjoy whole life protection against Death and Terminal Illness up to age 100.
- In the event of Death, diagnosis of a Terminal Illness or Total and Permanent Disability (up to age 65), we will pay out the insured amount along with any bonuses¹ which may have accrued, providing your family with much needed financial assistance.
- Upon maturity, the insured amount plus any bonuses¹ will be paid out and your policy will automatically terminate.

Whole life protection with affordable premiums

- While you only need to pay premiums up to age 70 or 85, you will still continue to receive benefits from the basic plan up to age 100.
- Rest assured that your premiums will not increase² as you get older.

Grow your money with attractive bonuses

- The value of your policy can potentially grow and help fend off inflation with discretionary bonuses¹ that may be added to your policy every year.
- In addition, you will receive a potential one-off terminal bonus¹ when you make a claim or when the policy matures or is surrendered.

Extra protection against Critical Illness (Optional Benefit)

- Opt to enhance your protection by adding a Critical Illness rider that offers more comprehensive protection up to age 100.

¹ Annual bonus and terminal bonus payable (if any) are non-guaranteed and will depend on the performance of the participating fund. Once credited to the policy, annual bonuses (if any) form part of the guaranteed benefits of the policy. Terminal bonus is a one-time, non-guaranteed, discretionary bonus that may be payable upon surrender, claim or maturity.

² Premiums will only remain unchanged for the basic plan.

Important Notes:

This insurance plan is underwritten by AIA Singapore Private Limited (Reg. No. 201106386R) ("AIA"). All insurance applications are subject to AIA's underwriting and acceptance. This flyer is not a contract of insurance. The precise terms and conditions of this plan, including exclusions whereby the benefits under this plan may not be paid out, are specified in the policy contract. You are advised to read the policy contract. You may wish to seek advice from an AIA Financial Services Consultant before deciding to purchase this policy. Should you choose not to seek advice from a Financial Services Consultant, please consider whether the product is suitable for you, and you take responsibility to ensure that this plan is appropriate to meet your financial needs and insurance objectives. As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. You should consider carefully before terminating the policy or switching to a new one as there may be disadvantages in doing so. The new policy may cost more or have fewer benefits at the same cost.
